

In D&T we will:

- Plan and design a healthy sandwich for the school staff
- Make posters and adverts to encourage the staff to eat the sandwich they have designed.

In ICT we will:

- Use web browsing software to find photographs and images on-line.
- Use desktop publishing software to design and make posters.

In Music we will:

- Use percussion in small groups to compose a piece of music to tell the 'digestion story'.
- Understand the role of the diaphragm in singing and playing musical instruments.

In PSHE (Personal, Social, Health Education) we will:

- Consider the year ahead and what we would like to learn over the year and how we can help ourselves to achieve those goals.

In PE we will :

- Play team games and understand our role as a good team player

We will also have our residential experience during this half-term where we will camp together at Polkerris beach and take part in a variety of activities.

Where does our food go?

Year Four

Autumn
(1st Half Term)

For the first four weeks of this half term we will be using the topic 'Where does our food go?' as a basis for our learning in class.

This unit is part of the Cornwall 'Inspire Curriculum'.

In Literacy we will:

- Read a variety of non-fiction, explanation texts.
- Identify and understand the features of an explanation text.
- Learn an explanation text by heart and...
- Be able to perform the text using 'story-telling' techniques.
- Write our own explanation texts on a variety of topics

In Numeracy we will:

- Revise our number bonds to 10 and 20.
- Learn how to calculate number bonds to 100 and 1000.
- Understand the value of the digits in a 2, 3 and 4 digit number.
- Understand the symbols $<$ and $>$.
- Be able to add 1, 10 and 100 to a 2, 3 and 4 digit number.
- Be able to order 2, 3 and 4 digit numbers on a number line.
- Add and subtract to find the next / previous multiple of 10 or 100.
- Find the difference between 2, 2 digit numbers by counting on or back.
- Continue to learn multiplication tables to 12x12
- Use online ICT programs such as 'Abacus' to consolidate understanding.
- Multiply 1, 2 and 3 digit numbers by 10.
- Multiply a 2 digit number by a 1 digit number using a formal written method.

In R.E. we will:

- Learn about our class saint: St. Augustine.
- Explore what it means to be a person made by God and in his image.
- Learn about the story of creation in the Book of Genesis

In Science we will:

- Learn about the human digestive process.
- Learn about teeth and the role of the mouth in digestion.
- Create a model of the human digestive system.

In Art we will:

- Explore the work of Giuseppe Arcimboldo.
- Understand how complex pictures can be made using simple items - such as fruit, vegetables and sea creatures!
- Create an image of a face using fruit and vegetables.
